TaRgET Project - Final Educational Trainer Report

Name:

Organisation:

1. Did you use the videoconferencing equipment to deliver lectures/tutorials or for problem solving purposes?

2. Were the intended learning objectives of each session achieved? Please expand with positive or negative explanations.

3. What were the perceptions and attitudes of the trainees towards using this technology?

   a. At the start of the pilot
   b. Mid-pilot
   c. At the end of the pilot

4. What were the benefits of using this technology? What were the disadvantages?

5. During the pilot, were you successful in improving the delivery of the videoconference sessions? If yes, please expand.

```

```

6. What would you do differently in the future to improve the delivery of the module/course using this technology?

```

```

7. General comments

```

```

Please return to Mrs A Gorissen , Technology Centre Limburg.

Thank you for your co-operation.
